Re: Request for Proposal for Professional Auditing Services for the fiscal year ended September 30, 2019, with an option for two (2) additional annual renewals.

Grau & Associates (Grau) is pleased to respond to the Wyld Palms Community Development District's (the "District") Request for Proposal (RFP), and look forward to working with you on your audit. We are a team of knowledgeable professionals with extensive experience in audits for organizations just like yours, and we know how to work with you to complete an effective and efficient audit.

Since our focus is on government, we fully understand the professional services and work products required to meet your RFP requirements. Our team provided services in excess of 19,000 hours for our public sector clients last year, and we currently audit over 300 governmental entities. Our practice is unique as 98% of work is either audit or work related to government and non-profit entities.

In addition to our firm's focus, Grau & Associates is a great fit for your audit for a variety of other reasons, including:

- **Experience**
  Grau is proud of the fact that the personnel we assign to your audit are some of the most experienced auditors in the field. Unlike many other firms, our auditors work almost exclusively with governmental entities, which mean they are more knowledgeable and efficient on audits like yours. Our engagement partners have decades of experience and take a hands-on approach to our assignments, which all ensures a smoother process for you. Also, due to Grau's very low turnover rate for our industry, you won't have to worry about retraining your auditors from year to year.

- **Service**
  Our clients are pleased with the level of personalized service they receive from our talented professionals. Because of our extensive experience, we are adept at making the transition to a new firm as smooth as possible. We work with you to resolve any issues and keep in regular contact so there are no surprises when the final report delivers. In fact, your engagement team will report any potential audit adjustments to you on a regular basis so you will have adequate time to research and respond. Additionally, we have a disaster recovery plan that includes daily data back-ups and offsite file storage, so in the case of an emergency, your records would be safe.

- **Responsiveness**
  We pride ourselves on our high level of responsiveness. We answer emails and telephone calls within 24 hours, and usually right away. We are always accessible to clients during business hours, and make every effort to answer any questions as they arise. Additionally, we don't just complete your audit and disappear. We understand the "big picture" and think beyond the traditional auditor's perspective. We remain in touch for the entire year, suggesting ways you can improve your District's performance, procedures and controls. We will update, advise and educate you on new or revised reporting requirements so you are sure to always remain compliant.

- **Reputation**
  Our reputation in our field is impeccable. **We have never been involved in any litigation, proceeding or received any disciplinary action. Additionally, we have never been charged with, or convicted of, a public entity crime of any sort.** We have the professional staff available to perform the engagement and resources required to complete the work. We are financially stable and have never been involved in any bankruptcy proceedings.

- **Standards**
  Grau & Associates is a professional association / licensed certified public accounting firm serving clients through the state of Florida. We are a member of the American Institute of Certified Public Accountants (AICPA) and the Florida Institute of Certified Public Accountants (FICPA). Additionally, individuals are members of both the (GFOA) and (FGFOA). Grau is also a member of the Governmental Audit Quality Center (GAQC). Our audit will follow the Auditing Standards of the AICPA, Generally Accepted Government Auditing Standards, issued by the Comptroller General of the United States, and the Rules of the Auditor General of the State of Florida, and any other applicable federal, state and local regulations. We will deliver our reports in accordance with your requirements.

This proposal is a firm and irrevocable offer for 90 days. We certify this proposal is made without previous understanding, agreement or connection either with any previous firms or corporations offering a proposal for the same items. We also certify our proposal is in all respects fair, without outside control, collusion, fraud, or otherwise illegal action, and was prepared in good faith. Only the person(s), company or parties interested in the project as principals are named in the proposal. Grau has no existing or potential conflicts, and anticipates no conflicts during the engagement. Our Federal I.D. number is 20-2067322.

We would be happy to answer any questions or provide additional information as needed. Please do not hesitate to call or email either of our Partners, Antonio J. Grau, CPA (tgrau@graucpa.com) or Racquel McIntosh, CPA (rmcintosh@graucpa.com) at 561.994.9299. We thank you for considering our firm's qualifications and experience, and look forward to serving you.

Very truly yours,

Grau & Associates

Antonio J. Grau

QUALITY AND EXPERIENCE OF FIRM'S ASSIGNED AUDITING PERSONNEL

You will have two partners available and our consultant for any technical assistance. In addition, an audit manager will be available for the engagement and a senior will be assigned to the engagement that will perform the majority of fieldwork. Additional staff are available to assist with the engagement should the need arise.

POSITION DESCRIPTIONS

Engagement Partner

The engagement will be performed under the direct supervision of an Engagement Partner. The Engagement Partner will participate extensively during the various stages of the engagement and has direct responsibility for engagement policy, direction, supervision, quality control, security, confidentiality of information of the engagement and communication with client personnel.

The Engagement Partner will also be involved in:

- coordinating all services;
- directing the development of the overall audit approach and plan;
- performing an overriding review of work papers;
- resolving technical accounting and reporting issues;
- reviewing, approving and signing reports, management letters, and other audit engagement products; and,
- ascertaining client satisfaction with all aspects of our engagement, such as services and the personnel assigned.

Concurring Review and Advisory Consultant

A Concurring Review Consultant will be available as a sounding board to advise in those areas where problems are encountered. He will also perform a second review of all reports to be issued by Grau & Associates.

Audit Manager and Senior

The assigned personnel will work closely with the partner and the District to ensure that the financial statements and all other reports are prepared in accordance with professional standards and firm policy. Responsibilities will include:

- planning the audit;
- preparing or modifying audit programs, as needed;
- evaluating internal control and assessing risk;
- communicating with the client and the partners the progress of the audit; and
- determining that financial statements and all reports issued by the firm for accuracy, completeness and that they are prepared in accordance with professional standards and firm policy.

Information Technology Consultants and Personnel

In addition to the assigned personnel above, Grau and Associates has staff with significant IT auditing experience that will assist in the evaluation and testing of internal controls. Because our staff has both a financial audit and IT background, they are able to communicate effectively all IT related concerns to management. In addition, Grau contracts with an outside group of IT management consultants to assist with matters including, but not limited to; network and database security, internet security and vulnerability testing.

CONTINUITY OF STAFF AND AUDIT TEAM

Grau's engagement team's workload is organized in such a way that additional activities brought about by this engagement will not impact our current commitments to our clients. We have sufficient staff capacity to integrate these professional services into our present operations, while continuing to maintain the highest standards of quality and time lines for our clients.

COMPOSITION OF ENGAGEMENT TEAM

In contrast *to the majority of both national and local firms,* ***Grau's proposed engagement team is comprised*** *of an* ***exceptionally large percentage*** *of* ***high-level audit professionals****. This gives us the ability to* ***quickly recognize problems*** *and* ***be more efficient*** *as a result of our Team's* ***DECADES*** *of* ***governmental auditing experience****.*

CERTIFIED PUBLIC ACCOUNTANTS

Cost of Services

Our proposed all-inclusive fees for the financial audit for the fiscal years ended September 30, 2019-2021 are as follows:

Year Ended September 30,	Fee
2019	$5,500
2020	$5,600
2021	$5,700
TOTAL	**$16,800**

The above fees are based on the assumption that the District maintains its current level of operations. Should conditions change or Bonds are issued the fees would be adjusted accordingly upon approval from all parties concerned.

Specific Audit Approach

SCOPE / WORK PRODUCTS / RESULTS

Grau's Understanding of Work Product / Scope of Services:

We recognize the District is an important entity and we are confident our firm is eminently qualified to meet the challenges of this engagement and deliver quality audit services. ***You would be a valued client of our firm*** *and* ***we pledge to commit all firm resources to provide the level*** *and* ***quality of services (as described below) which not only meet the requirements set forth in the RFP but*** *will* ***exceed those expectations***. Grau & Associates fully understands the scope of professional services and work products requested. Our audit will follow the Auditing Standards of the AICPA, *Generally Accepted Government Auditing Standards*, issued by the Comptroller General of the United States, and the Rules of the Auditor General of the State of Florida and any other applicable Federal, State of Local regulations. **We will deliver our reports in accordance with your requirements.**

Proposed segmentation of the engagement

Our approach to the audit engagement is a risk-based approach which integrates the best of traditional auditing techniques and a total systems concept to enable the team to conduct a more efficient and effective audit. The audit will be conducted in three phases, which are as follows:

Phase I - Preliminary Planning

A thorough understanding of your organization, service objectives and operating environment is essential for the development of an audit plan and for an efficient, cost-effective audit. During this phase, we will meet with appropriate personnel to obtain and document our understanding of your operations and service objectives and, at the same time, give you the opportunity to express your expectations with respect to the services that we will provide. Our work effort will be coordinated so that there will be minimal disruption to your staff.

During this phase we will perform the following activities:

- Review the regulatory, statutory and compliance requirements. This will include a review of applicable federal and state statutes, resolutions, bond documents, contracts, and other agreements.
- Read minutes of meetings.
- Review major sources of information such as budgets, organization charts, procedures, manuals, financial systems, and management information systems.
- Obtain an understanding of fraud detection and prevention systems.
- Obtain and document an understanding of internal control. Consider the methods that are used to process accounting information which influence the design of the internal control. This understanding includes knowledge about the design of relevant policies, procedures, and records, and whether they have been placed in operation.
- Assess risk and determine what controls we are to rely upon and what tests we are going to perform. Perform test of controls.
- Develop audit programs to incorporate the consideration of financial statement assertions, specific audit objectives, and appropriate audit procedures to achieve the specified objectives.
- Discuss and resolve any accounting, auditing and reporting matters which have been identified.

Phase II – Execution of Audit Plan

The audit team will complete a major portion of transaction testing and audit requirements during this phase. The procedures performed during this period will enable us to identify any matter that may impact the completion of our work or require the attention of management. Tasks to be performed in Phase II include, but are not limited to the following:

- Apply analytical procedures to further assist in the determination of the nature, timing, and extent of auditing procedures used to obtain evidential matter for specific account balances or classes of transactions.
- Perform tests of account balances and transactions through sampling, vouching, confirmation and other analytical procedures.
- Perform tests of compliance.

Phase III - Completion and Delivery

In this phase of the audit, we will complete the tasks related to year-end balances and financial reporting. All reports will be reviewed with management before issuance, and the partners will be available to meet and discuss our report and address any questions. Tasks to be performed in Phase III include, but are not limited to the following:

- Perform final analytical procedures.
- Review information and make inquiries for subsequent events.
- Meeting with Management to discuss preparation of draft financial statements and any potential findings or recommendations.

You should expect more from your accounting firm than a signature in your annual financial report. Our concept of truly responsive professional service emphasizes taking an active interest in the issues of concern to our clients and serving as an effective resource in dealing with those issues. In following this approach, we not only audit financial information with hindsight but also consider the foresight you apply in managing operations.

Application of this approach in developing our management letter is particularly important given the increasing financial pressures and public scrutiny facing today's public officials. We will prepare the management letter at the completion of our final procedures.

In preparing this management letter, we will initially review any draft comments or recommendations with management. In addition, we will take necessary steps to ensure that matters are communicated to those charged with governance.

In addition to communicating any recommendations, we will also communicate the following, if any:

- Significant audit adjustments;
- Significant deficiencies or material weaknesses;
- Disagreements with management; and,
- Difficulties encountered in performing the audit.

Our findings will contain a statement of condition describing the situation and the area that needs strengthening, what should be corrected and why. Our suggestions will withstand the basic tests of corrective action:

- The recommendation must be cost effective;
- The recommendations are to be the simplest to effectuate in order to correct a problem;
- The recommendation must go to the heart of the problem and not just correct symptomatic matter; and
- The corrective action must take into account why the deficiency occurred.

To assure full agreement with facts and circumstances, we will fully discuss each item with Management prior to the final exit conference. This policy means there will be no "surprises" in the management letter and fosters a professional, cooperative atmosphere.

Communications

We emphasize a continuous, year-round dialogue between the District and our management team. We typically begin our audit process with an entrance conference before the onsite fieldwork begins. We regularly communicate through personal telephone calls and electronic mail throughout the audit and on a regular basis. Our clients have the ability to transmit information to us on our secure client portal with the ability to assign different staff with separate log on and viewing capability. This further facilitates efficiency as all assigned users receive electronic mail notification as soon as new information has been posted into the portal. We strive to continue to keep an open line of communication through the fieldwork and ending with an exit conference.

Additional Services

CONSULTING / MANAGEMENT ADVISORY SERVICES

Grau & Associates also provide a broad range of other management consulting services. Our expertise has been consistently utilized by Governmental and Non-Profit entities throughout Florida. Examples of engagements performed are as follows:

- Accounting systems
- Development of budgets
- Organizational structures
- Financing alternatives
- IT Auditing
- Fixed asset records
- Cost reimbursement
- Indirect cost allocation
- Grant administration and compliance

ARBITRAGE

The federal government has imposed complex rules to restrict the use of tax-exempt financing. Their principal purpose is to eliminate any significant arbitrage incentives in a tax-exempt issue. We have determined the applicability of these requirements and performed the rebate calculations for more than 150 bond issues, including both fixed and variable rate bonds. 2.0 ADA & WCAG Compliance

Every individual must have equal access to information whether it is in person service or online. This is a general agreement and understanding of access.

The Internet has dramatically changed the way state and local governments do business. Today, government agencies routinely make much more information about their programs, activities, and services available to the public by posting it on their websites. As a result, many people can easily access this information seven day a week, 24 hours a day.

Many government services and activities are also provided on websites because the public is able to participate in them at any time of day and without the assistance of government personnel. Many government websites offer a low cost, quick, and convenient way of filing tax returns, paying bills, renewing licenses, signing up for programs, applying for permits or funding, submitting job applications, and performing a wide variety of other activities.

The Americans with Disabilities Act (ADA) and, if the government entities receive federal funding, the Rehabilitation Act of 1973 generally require that state and local governments provide qualified individuals with disabilities equal access to their programs, services, or activities unless doing so would fundamentally alter the nature of their programs, services, or activities or would impose an undue burden. One way to help meet these requirements is to ensure that government websites have accessible features for people with disabilities, using the simple steps described in this document. An agency with an inaccessible website may also meet its legal obligations by providing an alternative accessible way for citizens to use the programs or services, such as a staffed telephone information line. These alternatives, however, are unlikely to provide an equal degree of access in terms of hours of operation and the range of options and programs available.

The World Wide Web Consortium (W3C) sets the main international standards for the World Wide Web and its accessibility. W3C created the Web Content Accessibility Guidelines (WCAG 2.0 and 2.1) which are similar to Section 508, but on an international level. WCAG 2.0 and 2.1 requires specific techniques for compliance and is more current than Section 508.

VGlobalTech team is trained and well aware of ADA and WCAG 2.x Compliance guidelines. VGlobalTech has partnered with a local agency for the visually impaired – LightHouse Works. LightHouse has developed a unique program for digital accessibility that is run by visually impaired personnel that are highly skilled in human auditing of websites and software as per the section 508 stipulations. Read more about our partnership here: **https://vglobaltech.com/website-compliance/**

Together we are now able to provide not one but two compliance seals for all our customers. Details of the compliance seals are below.

Private and Confidential Document. No part of this document shall be produced, sent, copied to any parties it is not intended for. It is intended for the entities listed clearly on this proposal. Any distribution without written consent shall be procecuted

3.1 Digital Asset Technical Compliance Seal:

VGlobalTech in-house technical team shall remediate / test the website / software for ADA, WCAG compliance. VGlobalTech's technical design & development team is fully aware of the Americans with Disability Act (**ADA**), Web Content Accessibility Guidelines (**WCAG**), **Section 508** of the Rehabilitation Act of 1973 and overall the design principles of a professional, accessible, functional and responsive web design. The entire team has taken dedicated time and efforts to learn these design principles first hand. Our purpose is clear – **Universal, Creative Web design that works for everyone, everywhere and every time!**

3.2 Human Audit Seal:

LightHouse Works' visually impaired personnel shall actually test the website for compliance as per the section 508 and ADA requirements. The VGlobalTech technical team shall remediate any points discovered by LightHouse team and send the site for re-certification. Upon satisfactory completion LightHouse shall provide the Human Audit Seal that will be specific to the site and the VGlobalTech team shall put the seal on the site. This is an added layer of true Human Audit testing that provides full ADA compliance.

Resolution 2019-07,
Adopting the Fiscal Year 2020 Budget and Appropriating Funds

RESOLUTION 2019-07

THE ANNUAL APPROPRIATION RESOLUTION OF THE WYLD PALMS COMMUNITY DEVELOPMENT DISTRICT ("DISTRICT") RELATING TO THE ANNUAL APPROPRIATIONS AND ADOPTING THE BUDGETS FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2019, AND ENDING SEPTEMBER 30, 2020; AUTHORIZING BUDGET AMENDMENTS; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the District Manager has, prior to the fifteenth (15th) day in June, 2019, submitted to the Board of Supervisors ("**Board**") of the Wyld Palms Community Development District (**"District"**) proposed budgets ("**Proposed Budget**") for the fiscal year beginning October 1, 2019 and ending September 30, 2020 ("**Fiscal Year 2019/2020**") along with an explanatory and complete financial plan for each fund of the District, pursuant to the provisions of Section 190.008(2)(a), *Florida Statutes*; and

WHEREAS, at least sixty (60) days prior to the adoption of the Proposed Budget, the District filed a copy of the Proposed Budget with the local governing authorities having jurisdiction over the area included in the District pursuant to the provisions of Section 190.008(2)(b), *Florida Statutes*; and

WHEREAS, the Board set a public hearing thereon and caused notice of such public hearing to be given by publication pursuant to Section 190.008(2)(a), *Florida Statutes*; and

WHEREAS, the District Manager posted the Proposed Budget on the District's website at least two days before the public hearing; and

WHEREAS, Section 190.008(2)(a), *Florida Statutes*, requires that, prior to October 1st of each year, the Board, by passage of the Annual Appropriation Resolution, shall adopt a budget for the ensuing fiscal year and appropriate such sums of money as the Board deems necessary to defray all expenditures of the District during the ensuing fiscal year; and

WHEREAS, the District Manager has prepared a Proposed Budget, whereby the budget shall project the cash receipts and disbursements anticipated during a given time period, including reserves for contingencies for emergency or other unanticipated expenditures during the fiscal year.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE WYLD PALMS COMMUNITY DEVELOPMENT DISTRICT:

SECTION 1. BUDGET

a. The Board has reviewed the Proposed Budget, a copy of which is on file with the office of the District Manager and at the District's Local Records Office, and hereby approves certain amendments thereto, as shown in Section 2 below.

b. The Proposed Budget, attached hereto as **Exhibit "A,"** as amended by the Board, is hereby adopted in accordance with the provisions of Section 190.008(2)(a), *Florida Statutes* (**"Adopted Budget"**), and incorporated herein by reference; provided, however, that the comparative figures contained in the Adopted Budget may be subsequently revised as deemed necessary by the District Manager to reflect actual revenues and expenditures.

c. The Adopted Budget, as amended, shall be maintained in the office of the District Manager and at the District's Local Records Office and identified as "The Budget for the Wyld Palms Community Development District for the Fiscal Year Ending September 30, 2020."

d. The Adopted Budget shall be posted by the District Manager on the District's official website within thirty (30) days after adoption, and shall remain on the website for at least 2 years.

SECTION 2. APPROPRIATIONS

There is hereby appropriated out of the revenues of the District, for Fiscal Year 2019/2020, the sum of $_____ to be raised by the levy of assessments and/or otherwise, which sum is deemed by the Board to be necessary to defray all expenditures of the District during said budget year, to be divided and appropriated in the following fashion:

TOTAL GENERAL FUND $_____

TOTAL ALL FUNDS $_____

SECTION 3. BUDGET AMENDMENTS

Pursuant to Section 189.016, *Florida Statutes*, the District at any time within Fiscal Year 2019/2020 or within 60 days following the end of the Fiscal Year 2019/2020 may amend its Adopted Budget for that fiscal year as follows:

a. The Board may authorize an increase or decrease in line item appropriations within a fund by motion recorded in the minutes if the total appropriations of the fund do not increase.

b. The District Manager or Treasurer may authorize an increase or decrease in line item appropriations within a fund if the total appropriations of the fund do not

increase and if the aggregate change in the original appropriation item does not exceed $10,000 or 10% of the original appropriation.

c. By resolution, the Board may increase any appropriation item and/or fund to reflect receipt of any additional unbudgeted monies and make the corresponding change to appropriations or the unappropriated balance.

d. Any other budget amendments shall be adopted by resolution and consistent with Florida law.

The District Manager or Treasurer must establish administrative procedures to ensure that any budget amendments are in compliance with this Section 3 and Section 189.016, *Florida Statutes*, among other applicable laws. Among other procedures, the District Manager or Treasurer must ensure that any amendments to budget under subparagraphs c. and d. above are posted on the District's website within 5 days after adoption and remain on the website for at least 2 years.

SECTION 4. EFFECTIVE DATE. This Resolution shall take effect immediately upon adoption.

PASSED AND ADOPTED THIS 6th DAY OF AUGUST, 2019.

INDEPENDENT AUDITOR'S REPORT

To the Board of Supervisors
Wyld Palms Community Development District
Citrus County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of Wyld Palms Community Development District, Citrus County, Florida ("District") as of and for the fiscal year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, and each major fund of the District as of September 30, 2018, and the respective changes in financial position thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

As discussed in Note 6 and other notes to the basic financial statements, the District's financial conditions continue to deteriorate. Due to the Developer's non-payment of assessments, the District did not have sufficient funds to make certain scheduled debt service payments in prior, current, or subsequent fiscal years and, as a result, the payments were not made. The District's inability to make its scheduled debt service payments when they are due are considered events of default. Additionally, certain default related expenditures were paid from the trust accounts. As a result of these events, the debt service fund had a deficit fund balance of ($18,169,918) at September 30, 2018. Furthermore, the District and the Trustee, on behalf of the Bondholders, formed a Special Purpose Entity ("SPE") which took title to the Developer's property through foreclosure. The SPE is funding a portion of the general operations of the District through funds from the Trust estate. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 27, 2019, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Report on Other Legal and Regulatory Requirements

We have also issued our report dated June 27, 2019, on our consideration of the District's compliance with the requirements of Section 218.415, Florida Statutes, as required by Rule 10.556(10) of the Auditor General of the State of Florida. The purpose of that report is to provide an opinion based on our examination conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of Wyld Palms Community Development District, Citrus County, Florida ("District") provides a narrative overview of the District's financial activities for the fiscal year ended September 30, 2018. Please read it in conjunction with the District's Independent Auditor's Report, basic financial statements, accompanying notes and supplementary information to the basic financial statements.

FINANCIAL HIGHLIGHTS

- The liabilities of the District exceeded its assets at the close of the most recent fiscal year resulting in a net position deficit balance of ($12,656,643).
- The change in the District's total net position in comparison with the prior fiscal year was ($1,122,689), an increase in the deficit. The key components of the District's net position and change in net position are reflected in the table in the government-wide financial analysis section.
- At September 30, 2018, the District's governmental funds reported combined ending fund balances of ($15,401,055), a decrease of ($1,037,269) in comparison with the prior fiscal year. The total fund balance is non-spendable for prepaid items, restricted for capital projects and the special purpose entity, and the remainder is unassigned deficit fund balance.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as the introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the residual amount being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements include all governmental activities that are principally supported by Bondholder contributions. The District does not have any business-type activities. The governmental activities of the District include the general government (management) and maintenance and operations costs.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has one fund category: the governmental funds.

OVERVIEW OF FINANCIAL STATEMENTS (Continued)

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains four governmental funds for external reporting. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, debt service fund, capital projects fund, and special revenue fund, all of which are considered major funds.

The District adopts an annual appropriated budget for its general fund. No budget was prepared for the special revenue fund. A budgetary comparison schedule has been provided for the general fund to demonstrate compliance with the budget.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of an entity's financial position. In the case of the District, liabilities exceeded assets at the close of the most recent fiscal year.

Key components of the District's net position are reflected in the following table:

NET POSITION

SEPTEMBER 30,

	2018	2017
Current and other assets	$ 2,792,690	$ 2,853,332
Capital assets, net of depreciation	7,873,133	8,085,475

Total net position	$ (12,656,643)	$ (11,533,954)

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

The District's net position reflects its investment in capital assets (e.g. land, land improvements, and infrastructure) less any related debt used to acquire those assets that is still outstanding. These assets are used to provide services to residents; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The restricted portion of the District's net position represents resources that are subject to external restrictions on how they may be used.

The District's net position decreased during the most recent fiscal year. The majority of the decrease was due to the non payment of assessments by the previous Developer.

Key elements of the change in net position are reflected in the following table:

CHANGES IN NET POSITION
FOR THE FISCAL YEAR ENDED SEPTEMBER 30,

	2018	2017
Revenues:		
Program revenues		
Operating grants and contributions	$ 208,140	$ 43,656
Capital grants and contributions	3,010	1,349
General revenues		
Net decrease in property held for sale	-	(466,783)
Total revenues	211,150	(421,778)
Expenses:		
General government	237,134	195,356
Maintenance and operations	253,272	247,424
Interest on long-term debt	843,433	843,433
Total expenses	1,333,839	1,286,213
Change in net position	(1,122,689)	(1,707,991)
Net position - beginning	(11,533,954)	(9,825,963)
Net position - ending	$ (12,656,643)	$ (11,533,954)

As noted above and in the statement of activities, the cost of all governmental activities during the fiscal year ended September 30, 2018 was $1,333,839. The costs of the District's activities were partially funded by program revenues. As in the prior fiscal year, program revenues are comprised primarily of Bondholder contributions. A portion of the District's operations were also funded by using funds available in the trust accounts. The increase in total revenues reflects a mark to market adjustment of the property held for sale by the SPE in the prior fiscal year. In total, expenses increased from the prior fiscal year due to an increase in general government and maintenance and operations costs due to an increase in professional fees.

GENERAL BUDGETING HIGHLIGHTS

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures for the fiscal year ended September 30, 2018 exceeded appropriations by $5,620. The over expenditures were funded by available fund balance.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At September 30, 2018, the District had $10,350,690 invested in capital assets for its governmental activities. In the government-wide financial statements depreciation of $2,477,557 has been taken, which resulted in a net book value of $7,873,133. More detailed information about the District's capital assets is presented in the notes to the financial statements.

Capital Debt

At September 30, 2018, the District had $4,835,000 Bonds outstanding for its governmental activities. In addition, matured debt service obligations of $18,183,199 are included in Due to Bondholders amount at September 30, 2018. More detailed information about the District's capital debt is presented in the notes to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND OTHER EVENTS

As discussed in the notes to the basic financial statements, the District's financial conditions continue to deteriorate. The District formed an SPE and foreclosed on the property for which there was a significant delinquent assessment in prior fiscal years. In addition, in the prior, current, and subsequent fiscal years, certain scheduled debt service payments were not made. As a result, the District declared an event of default in accordance with the Series 2007 Bond Indenture which allowed the District to pay certain significant trustee, legal, and other professional fees incurred in association with the default using funds available in the trust accounts. Further, the debt service fund reported a deficit fund balance of ($18,169,918) at September 30, 2018.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, land owners, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the financial resources it manages and the stewardship of the facilities it maintains. WYLD PALMS COMMUNITY DEVELOPMENT DISTRICT
CITRUS COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – NATURE OF ORGANIZATION AND REPORTING ENTITY

Wyld Palms Community Development District (the "District") was established by the City of Inverness Ordinance 2006-644 enacted on November 8, 2006 pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes. The Act provides among other things, the power to manage basic services for community development, power to borrow money and issue bonds, and to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure.

The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by the Board of Supervisors ("Board"), which is composed of five members. The Supervisors are elected on an at large basis by landowners of the District. The Board of Supervisors of the District exercise all powers granted to the District pursuant to Chapter 190, Florida Statutes. In a prior fiscal year, Wyld Palms Holdings, LLC, a Special Purpose Entity ("SPE"), acquired the property owned by Wyld Land Development, LLC ("Developer") through foreclosure.

The Board has the responsibility for:
1. Allocating and levying assessments.
2. Approving budgets.
3. Exercising control over facilities and properties.
4. Controlling the use of funds generated by the District.
5. Approving the hiring and firing of key personnel.
6. Financing improvements.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statements. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District is considered to be financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. Blended component units, although legally separate entities, are, in substance, part of the government's operations.

Blended Component Unit
The SPE owns, manages, maintains, and will sell and dispose of property for the benefit of the Bondholders. The SPE is reported as a special revenue fund.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Government-Wide and Fund Financial Statements
The basic financial statements include both government-wide and fund financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include: 1) charges to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; operating-type special assessments for maintenance and debt service are treated as charges for services and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not included among program revenues are reported instead as *general revenues*.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Assessments

Assessments are non-ad valorem assessments imposed on assessable lands located within the District. Assessments may be levied on property to pay for the operations and maintenance of the District. The fiscal year for which annual assessments may be levied begins on October 1 with discounts available for payments through February 28 and become delinquent on April 1. For debt service assessments, amounts collected as advance payments are used to prepay a portion of the Bonds outstanding. Otherwise, assessments are collected annually to provide funds for the debt service on the portion of the Bonds which are not paid with prepaid assessments.

Assessments and interest associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. The portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period.

The District reports the following major governmental funds:

General Fund

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Fund

The debt service fund is used to account for the accumulation of resources for the annual payment of principal and interest on long-term debt.

Capital Projects Fund

This fund accounts for the financial resources to be used for the acquisition or construction of major infrastructure within the District.

Special Revenue Fund

The special revenue fund accounts for the activities of the SPE, a blended component unit of the government. The SPE owns, manages, and maintains, and will sell and dispose of property for the benefit of the Bondholders.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first for qualifying expenditures, then unrestricted resources as they are needed.

Assets, Liabilities and Net Position or Equity

Restricted Assets

These assets represent cash and investments set aside pursuant to Bond covenants or other contractual restrictions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Net Position or Equity (Continued)

Deposits and Investments
The District's cash on hand and demand deposits are considered to be cash and cash equivalents.

The District has elected to proceed under the Alternative Investment Guidelines as set forth in Section 218.415 (17) Florida Statutes. The District may invest any surplus public funds in the following:

a) The Local Government Surplus Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act;
b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
c) Interest bearing time deposits or savings accounts in qualified public depositories;
d) Direct obligations of the U.S. Treasury.

In addition, surplus funds may be deposited into certificates of deposit which are insured and any unspent Bond proceeds are required to be held in investments as specified in the Bond Indenture.

The District records all interest revenue related to investment activities in the respective funds. Investments are measured at amortized cost or reported at fair value as required by generally accepted accounting principles.

Land Held for Resale
Land held for resale represents land the District foreclosed on in a prior fiscal year. The land is recorded at fair value. Fair value was estimated using the Citrus County Property Appraiser's valuation which management fees approximates fair market value at September 30, 2018.

Prepaid Items
Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets
Capital assets which include property, plant and equipment, and infrastructure assets (e.g., roads, sidewalks and similar items) are reported in the governmental activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than $5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Infrastructure	20 - 30

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

Unearned Revenue
Governmental funds report unearned revenue in connection with resources that have been received, but not yet earned.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Net Position or Equity (Continued)

Long-Term Obligations
In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized ratably over the life of the Bonds. Bonds payable are reported net of applicable premiums or discounts. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Outflows/Inflows of Resources
In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time

Fund Equity/Net Position
In the fund financial statements, governmental funds report non spendable and restricted fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

The District can establish limitations on the use of fund balance as follows:

Committed fund balance – Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the Board of Supervisors. Commitments may be changed or lifted only by the Board of Supervisors taking the same formal action (resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

Assigned fund balance – Includes spendable fund balance amounts established by the Board of Supervisors that are intended to be used for specific purposes that are neither considered restricted nor committed. The Board may also assign fund balance as it does when appropriating fund balance to cover differences in estimated revenue and appropriations in the subsequent year's appropriated budget. Assignments are generally temporary and normally the same formal action need not be taken to remove the assignment.

The District first uses committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net position is the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position in the government-wide financial statements are categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets represents net position related to infrastructure and property, plant and equipment. Restricted net position represents the assets restricted by the District's Bond covenants or other contractual restrictions. Unrestricted net position consists of the net position not meeting the definition of either of the other two components.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Other Disclosures

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3 – BUDGETARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget. Annual Budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund. All annual appropriations lapse at fiscal year-end.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

a) Each year, the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
b) A public hearing is conducted to obtain comments.
c) Prior to October 1, the budget is legally adopted by the District Board.
d) All budget changes must be approved by the District Board.
e) The budgets are adopted on a basis consistent with generally accepted accounting principles.
f) Unused appropriation for annually budgeted funds lapse at the end of the year.

NOTE 4 – DEPOSITS AND INVESTMENTS

Deposits

The District's cash balances were entirely covered by federal depository insurance or by a collateral pool pledged to the State Treasurer. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate Bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

Investments

The District's investments were held as follows at September 30, 2018:

	Amortized Cost	Credit Risk	Maturities
Fidelity Government Portfolio Class III	$ 252,433	S&P AAAm	Not available
Total Investments	$ 252,433		

Credit risk – For investments, credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investment ratings by investment type are included in the preceding summary of investments.

Concentration risk – The District places no limit on the amount the District may invest in any one issuer.

Interest rate risk – The District does not have a formal policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

However, the Bond Indenture limits the type of investments held using unspent proceeds.

NOTE 4 – DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

Fair Value Measurement – When applicable, the District measures and records its investments using fair value measurement guidelines established in accordance with GASB Statements. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- *Level 1:* Investments whose values are based on unadjusted quoted prices for identical investments in active markets that the District has the ability to access;
- *Level 2:* Investments whose inputs - other than quoted market prices - are observable either directly or indirectly; and,
- *Level 3:* Investments whose inputs are unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the entire fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Money market investments that have a maturity at the time of purchase of one year or less and are held by governments other than external investment pools should be measured at amortized cost. Accordingly, the District's investments have been reported at amortized cost above.

NOTE 5 – CAPITAL ASSETS

Capital asset activity for the fiscal year ended September 30, 2018 was as follows:

	Beginning Balance	Additions	Disposals	Ending Balance
Governmental activities				
Capital assets, not being depreciated				
Land	$ 3,050,000	$ -	$ -	$ 3,050,000

The total estimated cost of the 2007 project was estimated at approximately $13.075 million, including land acquisition costs (equal to approximately $3 million), of which approximately $12.627 million was expected to be funded with proceeds from Series 2007 Bonds. The remainder of the project was to be funded by the Developer in accordance with a completion agreement. However, due to the financial condition of the original Developer, the project is currently on hold.

Further, due to the uncertainty as to the completion of the project within a reasonable period of time, the infrastructure may not be able to be used for its intended purpose as anticipated in the original project description. There is no estimate at this time for the additional funding that might be required if there is a change to the project.

NOTE 6 – LONG-TERM LIABILITIES

On February 1, 2007, the District issued $15,535,000 of Capital Improvement Revenue Bonds Series 2007, consisting of $5,865,000 Series 2007A Bonds and $9,670,000 of Series 2007B Bonds with fixed interest rates of 5.50% and 5.40%, respectively. The Bonds were issued to finance the acquisition and construction of certain improvements for the benefit of the property within the District. Interest is paid semiannually on each May 1 and November 1. Principal on the Series 2007A Bonds is payable serially commencing May 1, 2009 through May 1, 2038. Principal on the 2007B Bonds was due in one lump sum on May 1, 2015.

The Series 2007A Bonds are subject to redemption at the option of the District prior to their maturity. The Series 2007B Bonds are not subject to optional redemption. The Bonds are subject to extraordinary mandatory redemption prior to their selected maturity in the manner determined by the Bond Registrar if certain events occurred as outlined in the Bond Indenture.

The Bond Indenture requires that the District maintain adequate funds in a reserve account to meet the debt service reserve requirement as defined in the Indenture. The District was not in compliance with the reserve requirement at September 30, 2018. In addition, the Bond Indenture has certain restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements.

During prior fiscal years, the Developer failed to make payment on the special assessments which ultimately secure the Bonds. As a result of the delinquent assessments, the District did not have sufficient funds to make certain scheduled debt service payments in current and prior fiscal years, and as a result, the payments were not made. As a result, the Bonds are in default. The past due amounts have been reported on the financial statements as due to Bondholders and reflects $10,620,004 due for principal and $7,563,195 due for interest. The nonpayment of its debt service payments by the District are considered event of defaults. Additionally, the funds needed to pay certain default related expenditures were paid from the Debt Service Reserve Accounts. As a result of these payments, there is a deficit of approximately $396,000 in the Series 2007A Reserve Account and $648,000 in the Series 2007B Reserve Account at September 30, 2018. See Note 11 for additional information subsequent to fiscal year end.

Changes in long-term liability activity for the fiscal year ended September 30, 2018 were as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities					
Bonds payable:					
Series 2007	$ 4,965,000	$ -	$ (130,000)	$ 4,835,000	$ 135,000
Less issue discount	(59,505)	-	3,078	(56,427)	-
Total	$ 4,905,495	$ -	$ (126,922)	$ 4,778,573	$ 135,000

At September 30, 2018, the scheduled debt service requirements on the long-term debt were as follows:

Year ending	Governmental Activities		
September 30:	Principal	Interest	Total
2019	$ 135,000	$ 318,175	$ 453,175
2020	145,000	310,750	455,750
2021	150,000	302,775	452,775
2022	160,000	294,525	454,525
2023	170,000	285,725	455,725
2024-2028	1,005,000	1,277,375	2,282,375
2029-2033	1,325,000	968,000	2,293,000
2034-2038	1,745,000	559,900	2,304,900
Total	$ 4,835,000	$ 4,317,225	$ 9,152,225

NOTE 7 – DEFICIT FUND EQUITY

The debt service fund had a deficit fund balance of ($18,169,918) at September 30, 2018. The deficit will not be covered before the SPE sells the property held for sale and resumes levying assessments.

NOTE 8 – TRI-PARTY AGREEMENT AND SPECIAL PURPOSE ENTITY

The Developer originally agreed to fund the general fund operations of the District and assessments were levied for this purpose on an annual basis. However, as discussed in Note 6, as a result of the Developer's failure to pay assessments in prior fiscal years, the District did not make certain debt service payments when due, which constitutes an event of default under the applicable Trust Indenture. In 2010, the District obtained a final judgment of foreclosure against property on which assessments had not been paid ("Foreclosed Property"). The District and the Trustee, on behalf of the Bondholders, created the SPE to own, manage and dispose of the Foreclosed Property. The District, Trustee and the SPE entered into a Tri-Party Agreement whereby the parties acknowledged that the funds to operate the SPE would be provided by the Trustee. The Trustee agreed that it will use available funds on deposit in the Trust Estate (i.e., the Trust Accounts), including proceeds from the sale of all or a portion of the Foreclosed Property, subject to the consent of the Bondholders, to pay quarterly operating funding requests. Should funding from the Trustee cease or otherwise become delinquent for a period of sixty (60) days, the parties acknowledge that the District may impose operating and maintenance assessments upon the Foreclosed Property and to take all actions necessary to collect such operating and maintenance assessments, including foreclosure, which determination shall be the exclusive right of the District. In the event that the District exercises its right to initiate foreclosure proceedings, the SPE waives any rights, arguments, claims or defenses in such foreclosure proceedings and agrees in no way to prevent the District from taking such action. If funds are no longer available in the Trust Estate and another funding source has not been secured, the SPE may also convey the Foreclosed Property to the District (with the District's consent) for ownership and maintenance. Nevertheless, the inability of the Trustee to pay a quarterly funding request due to unavailable or insufficient funds in the Trust Estate shall not constitute a default under the Tri-Party Agreement.

Pursuant to the Bond Indenture, the Trustee, on behalf of the Bondholders, has access to the funds held on deposit in the trust accounts. Expenditures (including legal fees, trustee fees, SPE property marketing fees, and property taxes) totaling $272,118 were paid out of the trust accounts in the current fiscal year. During the current fiscal year, $206,974 was provided by the Bondholders, of which $67,210 was used by the general fund to finance a portion of the general operations of the District and $139,764 was used by the special revenue fund to pay for the SPE's costs.

NOTE 9 – MANAGEMENT COMPANY

The District has contracted with a management company to perform management services, which include financial and accounting services. Certain employees of the management company also serve as officers (Board appointed non-voting positions) of the District. Under the agreement, the District compensates the management company for management, accounting, financial reporting, and other administrative costs.

NOTE 10 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. There were no settled claims during the past three years.

NOTE 11 – SUBSEQUENT EVENTS

Scheduled Debt Service Payments

Subsequent to fiscal year end, certain scheduled debt service payments were not made. The District's inability to make its scheduled debt service payments when due is considered an event of default. Also, the Series 2007 Debt Service Reserve Accounts have not been replenished; therefore, the District is not in compliance with the requirements of the Bond Indenture.

WYLD PALMS COMMUNITY DEVELOPMENT DISTRICT
CITRUS COUNTY, FLORIDA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget for the general fund. The District's budgeting process is based on estimates of cash receipts and cash expenditures which are approved by the Board. The budget approximates a basis consistent with accounting principles generally accepted in the United States of America (generally accepted accounting principles).

The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures for the fiscal year ended September 30, 2018 exceeded appropriations by $5,620. The over expenditures were funded by available fund balance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Supervisors
Wyld Palms Community Development District
Citrus County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Wyld Palms Community Development District, Citrus County, Florida ("District") as of and for the fiscal year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our opinion thereon dated June 27, 2019, which includes an emphasis of matter paragraph.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed certain instances of noncompliance that we reported to management of the District in a separate letter dated June 27, 2019.

We noted certain matters that we reported to management of the District in a separate letter dated June 27, 2019.

The District's responses to the findings identified in our audit are described in the accompanying Management Letter. We did not audit the District's responses and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH THE REQUIREMENTS OF SECTION 218.415, FLORIDA STATUTES, REQUIRED BY RULE 10.556(10) OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

To the Board of Supervisors
Wyld Palms Community Development District
Citrus County, Florida

We have examined Wyld Palms Community Development District, Citrus County, Florida's ("District") compliance with the requirements of Section 218.415, Florida Statutes, in accordance with Rule 10.556(10) of the Auditor General of the State of Florida during the fiscal year ended September 30, 2018. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced in Section 218.415, Florida Statutes. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2018.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, management, and the Board of Supervisors of Wyld Palms Community Development District, Citrus County, Florida and is not intended to be and should not be used by anyone other than these specified parties.

MANAGEMENT LETTER PURSUANT TO THE RULES OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

To the Board of Supervisors
Wyld Palms Community Development District
Citrus County, Florida

Report on the Financial Statements

We have audited the accompanying basic financial statements of Wyld Palms Community Development District, Citrus County, Florida ("District") as of and for the fiscal year ended September 30, 2018, and have issued our report thereon dated June 27, 2019, which includes an emphasis of matter paragraph.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards;* and Independent Auditor's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated June 27, 2019, should be considered in conjunction with this management letter.

Purpose of this Letter

The purpose of this letter is to comment on those matters required by Chapter 10.550 of the Rules of the Auditor General of the State of Florida. Accordingly, in connection with our audit of the financial statements of the District, as described in the first paragraph, we report the following:

I. Current year findings and recommendations.
II. Status of prior year findings and recommendations.
III. Compliance with the Provisions of the Auditor General of the State of Florida.

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, as applicable, management, and the Board of Supervisors of Wyld Palms Community Development District, Citrus County, Florida and is not intended to be and should not be used by anyone other than these specified parties.

We wish to thank Wyld Palms Community Development District, Citrus County, Florida and the personnel associated with it, for the opportunity to be of service to them in this endeavor as well as future engagements, and the courtesies extended to us.

REPORT TO MANAGEMENT

I. CURRENT YEAR FINDINGS AND RECOMMENDATIONS

2018-01: Financial Condition Assessment

Observation: The District's financial conditions continue to deteriorate. The Developer failed to pay assessments during prior fiscal years. As a result, the District foreclosed on the related property which was acquired by the SPE. Due to a lack of sufficient funds, certain scheduled debt service payments were not made in the prior, current, or subsequent fiscal years resulting in events of default. In addition, the reserve requirements of the Series 2007 Bonds have not been met. Further, the debt service fund reported a deficit fund balance of ($18,169,918) at September 30, 2018.

Recommendation: The District should take the necessary steps to alleviate the deteriorating financial condition.

Reference Numbers for Prior Year Findings: 14-01 in fiscal years 2014 – 2016, 2017-01 for fiscal year 2017.

Management Response: The District successfully foreclosed on all property within the District that was assessed to secure the District's Series 2007A and 2007B Bonds, in compliance with the terms of the applicable Bond Trust Indentures. The foreclosed property is being held for the benefit of the bondholders. When this property is sold, the proceeds from the sale will be used to redeem bonds. All District actions related to the Series 2007A and 2007B Bonds are made in coordination with the bond trustee and bondholders.

2018-02: Budget

Observation: Actual expenditures exceeded appropriations in the general fund for the fiscal year ended September 30, 2018.

Recommendation: The District should amend the budget during the fiscal year or within statutory guidelines to ensure that all expenditures are properly budgeted.

Reference Numbers for Prior Year Findings: N/A

Management Response: Management will review spending to ensure that expenditures do not exceed appropriations in the future.

II. PRIOR YEAR FINDINGS AND RECOMMENDATIONS

2017-01: Financial Condition Assessment

Current Status: See finding no. 2018-01 above.

2017-02 – Statute Compliance

Current Status: Resolved.

III. COMPLIANCE WITH THE PROVISIONS OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

Unless otherwise required to be reported in the auditor's report on compliance and internal controls, the management letter shall include, but not be limited to the following:

1. A statement as to whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report.

   There were no significant findings and recommendations made in the preceding annual financial audit report for the fiscal year ended September 30, 2017, except as noted above.

2. Any recommendations to improve the local governmental entity's financial management.

   There were no such matters discovered by, or that came to the attention of, the auditor, to be reported for the fiscal year ended September 30, 2018, except as noted above.

3. Noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance.

   There were no such matters discovered by, or that came to the attention of, the auditor, to be reported, for the fiscal year ended September 30, 2018, except as noted above.

4. The name or official title and legal authority of the District are disclosed in the notes to the financial statements.

5. In connection with our audit, we determined that the District has met one or more of the financial emergency conditions described in Section 218.503(1), Florida Statutes. The District failed to make certain scheduled debt service payments due on the Series 2007 Bonds, as a result of a lack of funds. We applied financial condition assessment procedures pursuant to Rule 10.556(7) and determined that a deteriorating financial condition was noted. See Findings section above for additional information. It is management's responsibility to monitor financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.
