OFFICE OF THE GOVERNOR

EXECUTIVE ORDER NUMBER 20-52

(Emergency Management - COVID-19 Public Health Emergency)

WHEREAS, Novel Coronavirus Disease 2019 (COVID-19) is a severe acute respiratory illness that can spread among humans through respiratory transmission and presents with symptoms similar to those of influenza; and

WHEREAS, in late 2019, a new and significant outbreak of COVID-19 emerged in China; and

WHEREAS, the World Health Organization previously declared COVID-19 a Public Health Emergency of International Concern; and

WHEREAS, in response to the recent COVID-19 outbreak in China, Iran, Italy, Japan and South Korea, the Centers for Disease Control and Prevention (“CDC”) has deemed it necessary to prohibit or restrict non-essential travel to or from those countries; and

WHEREAS, on March 1, 2020, I issued Executive Order number 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 1, 2020, the State Surgeon General and State Health Officer declared a Public Health Emergency exists in the State of Florida as a result of COVID-19; and

WHEREAS, on March 7, 2020, I directed the Director of the Division of Emergency Management to activate the State Emergency Operations Center to Level 2 to provide coordination and response to the COVID-19 emergency; and

WHEREAS, as of March 9, 2020, eight counties in Florida have positive cases for COVID-19, and COVID-19 poses a risk to the entire state of Florida; and

WHEREAS, the CDC currently recommends community preparedness and everyday prevention measures be taken by all individuals and families in the United States, including voluntary home isolation when individuals are sick with respiratory symptoms, covering coughs and sneezes with a tissue and disposal of the tissue immediately thereafter, washing hands often with soap and water for at least 20 seconds, using of alcohol-based hand sanitizers with 60%-95% alcohol if soap and water are not readily available and routinely cleaning frequently touched surfaces and objects to increase community resilience and readiness for responding to an outbreak; and

WHEREAS, the CDC currently recommends mitigation measures for communities experiencing an outbreak including staying at home when sick, keeping away from others who are sick, limiting face-to-face contact with others as much as possible, consulting with your healthcare provider if individuals or members of a household are at high risk for COVID-19 complications, wearing a facemask if advised to do so by a healthcare provider or by a public health official, staying home when a household member is sick with respiratory disease symptoms if instructed to do so by public health officials or a health care provider; and

WHEREAS, as Governor, I am responsible for meeting the dangers presented to this state and its people by this emergency.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution, Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order to take immediate effect:

Section 1. Because of the foregoing conditions, I declare a state of emergency exists in the State of Florida.

Section 2. I designate the Director of the Division of Emergency Management (“Director”) as the State Coordinating Officer for the duration of this emergency and direct him to execute the State’s Comprehensive Emergency Management Plan and other response, recovery, and mitigation plans necessary to cope with the emergency. Additionally, I designate the State Health Officer and Surgeon General as a Deputy State Coordinating Officer and State Incident Commander.

Pursuant to section 252.36(1)(a), Florida Statutes, I delegate to the State Coordinating Officer the authority to exercise those powers delineated in sections 252.36(5)-(10), Florida Statutes, which he shall exercise as needed to meet this emergency, subject to the limitations of section 252.33, Florida Statutes. In exercising the powers delegated by this Order, the State Coordinating Officer shall confer with the Governor to the fullest extent practicable. The State Coordinating Officer shall also have the authority to:

A. Seek direct assistance and enter into agreements with any and all agencies of the United States Government as may be needed to meet the emergency.

B. Designate additional Deputy State Coordinating Officers, as necessary.

C. Suspend the effect of any statute, rule, or order that would in any way prevent, hinder, or delay any mitigation, response, or recovery action necessary to cope with this emergency.

D. Enter orders as may be needed to implement any of the foregoing powers; however, the requirements of sections 252.46 and 120.54(4), Florida Statutes, do not apply to any such orders issued by the State Coordinating Officer; however, no such order shall remain in effect beyond the expiration of this Executive Order, to include any extension.

Section 3. I order the Adjutant General to activate the Florida National Guard, as needed, to deal with this emergency.

Section 4. I find that the special duties and responsibilities resting upon some State, regional, and local agencies and other governmental bodies in responding to the emergency may require them to suspend the application of the statutes, rules, ordinances, and orders they administer. Therefore, I issue the following authorizations:

A. Pursuant to section 252.36(1)(a), Florida Statutes, the Executive Office of the Governor may suspend all statutes and rules affecting budgeting to the extent necessary to provide budget authority for state agencies to cope with this emergency. The requirements of sections 252.46 and 120.54(4), Florida Statutes, do not apply to any such suspension issued by the Executive Office of the Governor; however, no such suspension shall remain in effect beyond the expiration of this Executive Order, to include any extension.

B. Each State agency may suspend the provisions of any regulatory statute prescribing the procedures for conduct of state business or the orders or rules of that agency, if strict compliance with the provisions of any such statute, order, or rule would in any way prevent, hinder, or delay necessary action in coping with the emergency. This includes, but is not limited to, the authority to suspend any and all statutes, rules, ordinances, or orders which affect leasing, printing, purchasing, travel, and the condition of employment and the compensation of employees. For the purposes of this Executive Order, “necessary action in coping with the emergency” means any emergency mitigation, response, or recovery action: (1) prescribed in the State Comprehensive Emergency Management Plan (“CEMP”); or (2) ordered by the State Coordinating Officer. The requirements of sections 252.46 and 120.54, Florida Statutes, shall not apply to any such suspension issued by a State agency; however, no such suspension shall remain in effect beyond the expiration of this Executive Order, to include any extensions.

C. In accordance with section 465.0275, Florida Statutes, pharmacists may dispense up to a 30-day emergency prescription refill of maintenance medication to persons who reside in an area or county covered under this Executive Order and to emergency personnel who have been activated by their state and local agency but who do not reside in an area or county covered by this Executive Order.

D. In accordance with section 252.38, Florida Statutes, each political subdivision within the State of Florida may waive the procedures and formalities otherwise required of the political subdivision by law pertaining to:

1) Performance of public work and taking whatever prudent action is necessary to ensure the health, safety, and welfare of the community;

2) Entering into contracts; however, political subdivisions are cautioned against entering into time and materials contracts without ceiling as defined by 2 CFR 200.318(j) or cost plus percentage contracts as defined by 2 CFR 200.323(d);

3) Incurring obligations;

4) Employment of permanent and temporary workers;

5) Utilization of volunteer workers;

6) Rental of equipment;

7) Acquisition and distribution, with or without compensation, of supplies, materials, and facilities; and,

8) Appropriation and expenditure of public funds.

E. All State agencies responsible for the use of State buildings and facilities may close such buildings and facilities in those portions of the State affected by this emergency, to the extent necessary to meet this emergency. I direct each State agency to report the closure of any State

building or facility to the Secretary of the Department of Management Services. Under the authority contained in section 252.36, Florida Statutes, I direct each County to report the closure of any building or facility operated or maintained by the County or any political subdivision therein to the Secretary of the Department of Management Services. Furthermore, I direct the Secretary of the Department of Management Services to:

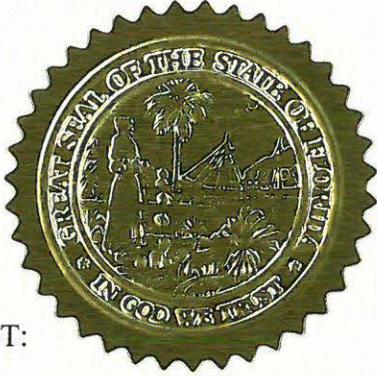

- 1) Maintain an accurate and up-to-date list of all such closures; and,
- 2) Provide that list daily to the State Coordinating Officer.

Section 5. I find that the demands placed upon the funds appropriated to the agencies of the State of Florida and to local agencies are unreasonably great and the funds currently available may be inadequate to pay the costs of coping with this emergency. In accordance with section 252.37(2), Florida Statutes, I direct that sufficient funds be made available, as needed, by transferring and expending moneys appropriated for other purposes, moneys from unappropriated surplus funds, or from the Budget Stabilization Fund.

Section 6. All State agencies entering emergency final orders or other final actions in response to this emergency shall advise the State Coordinating Officer contemporaneously or as soon as practicable.

Section 7. Medical professionals and workers, social workers, and counselors with good and valid professional licenses issued by states other than the State of Florida may render such services in Florida during this emergency for persons affected by this emergency with the condition that such services be rendered to such persons free of charge, and with the further condition that such services be rendered under the auspices of the American Red Cross or the Florida Department of Health.

Section 8. All activities taken by the Director of the Division of Emergency Management and the State Health Officer and Surgeon General with respect to this emergency before the issuance of this Executive Order are ratified. This Executive Order shall expire sixty days from this date unless extended.

STATE OF FLORIDA

OFFICE OF THE GOVERNOR

EXECUTIVE ORDER NUMBER 20-112

(Phase 1: Safe. Smart. Step-by-Step. Plan for Florida's Recovery)

WHEREAS, on March 9, 2020, I issued Executive Order 20-52 declaring a state of emergency for the entire State of Florida as a result of COVID-19; and

WHEREAS, on April 3, 2020, I issued Executive Order 20-91 and Executive Order 20-92 directing all persons in Florida to limit their movements and personal interactions outside of their home only to those necessary to obtain or provide essential services or conduct essential activities; and

WHEREAS, my administration has implemented a data-driven strategy devoted to high-volume testing and aggressive contact tracing, as well as strict screening protocols in long-term care facilities to protect vulnerable residents; and

WHEREAS, data collected by the Florida Department of Health indicates the State has achieved several critical benchmarks in flattening the curve, including a downward trajectory of hospital visits for influenza-like illness and COVID-19-like syndromic cases, a decrease in percent positive test results, and a significant increase in hospital capacity since March 1, 2020; and

WHEREAS, during the week of April 20, 2020, I convened the Task Force to Re-Open Florida to evaluate how to safely and strategically re-open the State; and

WHEREAS, the path to re-opening Florida must promote business operation and economic recovery while maintaining focus on core safety principles.

NOW, THEREFORE, I, RON DESANTIS, as Governor of Florida, by virtue of the authority vested in me by Article IV, Section (1)(a) of the Florida Constitution and Chapter 252, Florida Statutes, and all other applicable laws, promulgate the following Executive Order:

Section 1. Phase 1 Recovery

In concert with the efforts of President Donald J. Trump and the White House Coronavirus Task Force, and based on guidance provided by the White House and the Centers for Disease Control and Prevention (CDC), the Occupational Safety and Health Administration (OSHA), and the Florida Surgeon General and State Health Officer, Dr. Scott Rivkees, I hereby adopt the following in response to the recommendations in Phase 1 of the plan published by the Task Force to Re-Open Florida.

Section 2. Responsible Individual Activity

A. All persons in Florida shall continue to limit their personal interactions outside the home; however, as of the effective date of this order, persons in Florida may provide or obtain:

1. All services and activities currently allowed, *i.e.*, those described in Executive Order 20-91 and its attachments, which include activities detailed in Section 3 of Executive Order 20-91, the U.S. Department of Homeland Security in its Guidance on the Essential Critical Infrastructure Workforce and a list propounded by Miami-Dade County in multiple orders (as of April 1, 2020), as well as other services and activities approved by the State Coordinating Officer. Such services should continue to follow safety

guidelines issued by the CDC and OSHA. If necessary, employee screening or use of personal protective equipment should continue.

2. Additional services responsibly provided in accordance with Sections 3 and 4 of this order in counties other than Miami-Dade, Broward and Palm Beach. In Miami-Dade, Broward and Palm Beach counties, allowances for services and activities from Sections 3 and 4 of this order will be considered in consultation with local leadership.

B. Except as provided in Section 2(A)(1) of this order, senior citizens and individuals with a significant underlying medical condition (such as chronic lung disease, moderate-to-severe asthma, serious heart conditions, immunocompromised status, cancer, diabetes, severe obesity, renal failure and liver disease) are strongly encouraged to stay at home and take all measures to limit the risk of exposure to COVID-19.

C. For the duration of this order, all persons in Florida should:

1. Avoid congregating in large groups. Local jurisdictions shall ensure that groups of people greater than ten are not permitted to congregate in any public space that does not readily allow for appropriate physical distancing.
2. Avoid nonessential travel, including to U.S. states and cities outside of Florida with a significant presence of COVID-19.
3. Adhere to guidelines from the CDC regarding isolation for 14 days following travel on a cruise or from any international destination and any area with a significant presence of COVID-19.

D. This order extends Executive Order 20-80 (Airport Screening and Isolation) and Executive Order 20-82 (Isolation of Individuals Traveling to Florida), with exceptions for persons involved in military, emergency, health or infrastructure response or involved in commercial activity. This order extends Sections 1(C) and 1(D) of Executive Order 20-86 (Additional Requirements of Certain Individuals Traveling to Florida), which authorize the Department of Transportation, with assistance from the Florida Highway Patrol and county sheriffs, to continue to implement checkpoints on roadways as necessary.

Section 3. Businesses Restricted by Previous Executive Orders

Unless I direct otherwise, for the duration of this order, the following applies to businesses directly addressed by my previous Executive Orders:

- A. Bars, pubs and nightclubs that derive more than 50 percent of gross revenue from the sale of alcoholic beverages shall continue to suspend the sale of alcoholic beverages for on-premises consumption. This provision extends Executive Order 20-68, Section 1 as modified by Executive Order 20-71, Sections 1 and 2.
- B. Restaurants and food establishments licensed under Chapters 500 or 509, Florida Statutes, may allow on-premises consumption of food and beverage, so long as they adopt appropriate social distancing measures and limit their indoor occupancy to no more than 25 percent of their building occupancy. In addition, outdoor seating is permissible with appropriate social distancing. Appropriate social distancing requires maintaining a minimum of 6 feet between parties, only seating parties of 10 or fewer people and keeping bar counters closed to seating. This provision

extends Executive Order 20-68, Section 3 and supersedes the conflicting provisions of Executive Order 20-71, Section 2 regarding on-premises food consumption.

- C. Gyms and fitness centers closed by Executive Order 20-71 shall remain closed.
- D. The prohibition on vacation rentals in Executive Order 20-87 remains in effect for the duration of this order.
- E. The Department of Business and Professional Regulation shall utilize its authorities under Florida law to implement and enforce the provisions of this order as appropriate.

Section 4. Other Affected Business Services

Unless I direct otherwise, for the duration of this order, the following applies to other business services affected by my previous Executive Orders:

- A. In-store retail sales establishments may open storefronts if they operate at no more than 25 percent of their building occupancy and abide by the safety guidelines issued by the CDC and OSHA.
- B. Museums and libraries may open at no more than 25 percent of their building occupancy, provided, however, that (a) local public museums and local public libraries may operate only if permitted by local government, and (b) any components of museums or libraries that have interactive functions or exhibits, including child play areas, remain closed.

Section 5. Medical Procedures

Subject to the conditions outlined below, elective procedures prohibited by Executive Order 20-72 may resume when this order goes into effect. A hospital ambulatory surgical center, office surgery center, dental office, orthodontic office, endodontic office or other health care

practitioners' office in the State of Florida may perform procedures prohibited by Executive Order 20-72 only if:

- A. The facility has the capacity to immediately convert additional facility-identified surgical and intensive care beds for treatment of COVID-19 patients in a surge capacity situation;
- B. The facility has adequate personal protective equipment (PPE) to complete all medical procedures and respond to COVID-19 treatment needs, without the facility seeking any additional federal or state assistance regarding PPE supplies;
- C. The facility has not sought any additional federal, state, or local government assistance regarding PPE supplies since resuming elective procedures; and
- D. The facility has not refused to provide support to and proactively engage with skilled nursing facilities, assisted living facilities and other long-term care residential providers.

The Agency for Health Care Administration and the Department of Health shall utilize their authority under Florida law to further implement and enforce these requirements. This order supersedes the conflicting provisions of Executive Order 20-72.

Section 6. Previous Executive Orders Extended

The Executive Order 20-69 (Local Government Public Meetings) is extended for the duration of this order.

Section 7. Enforcement

This order shall be enforced under section 252.47, Florida Statutes. Violation of this order is a second-degree misdemeanor pursuant to section 252.50, Florida Statutes, and is punishable by imprisonment not to exceed 60 days, a fine not to exceed \$500, or both.

Section 8. Effective Date

This order is effective at 12:01 a.m. on May 4, 2020.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Florida to be affixed, at Tallahassee, this 29th day of April, 2020.
